

Dogs for the Deaf

NEW DOGS FOR THE DEAF DVD--HOT OFF THE DUPLICATING EQUIPMENT!!!

Because you are a very important part of our Dogs for the Deaf family, we are sending you one of the very first copies of our brand new Dogs for the Deaf DVD. This DVD includes updated information on all the types of dogs we are now training—Hearing Dogs, Autism Assistance Dogs, Program Assistance Dogs, and Miracle Mutts. It shows dogs in training, and has testimonials from our recipients. It is beautifully done in HD and is truly a professional production.

On this DVD, there are two versions--20 minutes and 4 minutes. This gives you flexibility, according to the time you have available for showing it.

We hope you will use this DVD to educate people about the services we provide—rescuing dogs and helping people with a variety of disabilities. This is an excellent opportunity to help our DFD family expand and have more people supporting our work and mission. Hopefully, it will also encourage people who might benefit from one of our specially trained dogs to apply for a dog.

We hope you enjoy the video and that you share it often. We will also be happy to send you copies of printed material to hand out when you show the video—just let us know how many copies you would like.

Please contact us if you have any questions.
