

Oregon State Grange

September 1, 2022

Worthy Secretary,

We have received the National Grange Bonding Information for 2023. A list of the rates are on the back side of this letter, so please choose the coverage that is right for your Grange.

There are no longer different rates for Pomona and Community Granges and the minimum coverage for either is \$5,000.

Send your check, payable to the Oregon State Grange, to The Oregon State Grange with the coverage indicated, by our **December 15th, 2022 DEADLINE**, so that we have time to send it on to National Grange.

This program is based on a calendar year and the rates remain the same no matter when you choose to participate, so best to get your information in now and take advantage of the full year.

Remember that our By-Laws state that the Secretary and Treasurer of each Grange shall be bonded, and this is a very inexpensive way to acquire coverage that not only includes these two officers, but all of your Grange officers and members.

Information has also been included that explains this program but should you have more questions please call the State Grange Office.

Fraternally,

Jay Sexton
President
Oregon State Grange

America's Family Fraternity
